

Amendments to the specification:

On page 1, after the title, please insert the following new paragraph:

CROSS-REFERENCE

The invention described and claimed hereinbelow is also described in PCT/EP 2005/052020, filed May 3, 2005 and DE 10 2004041219.7, filed August 26, 2004. This German Patent Application, whose subject matter is incorporated here by reference, provides the basis for a claim of priority of invention under 35 U.S.C. 119 (a)-(d).

On page 1, line 3, please amend the heading as follows:

~~Background Information~~ of the Invention

On page 1, please amend the first paragraph as follows:

The present invention is directed to a hand-held power tool handle device with a vibration-shielding unit ~~according to the definition of the species in Claim 1~~, and a hand-held power tool ~~according to the definition of the species in Claim 12~~.

On page 1, line 12, please amend the heading as follows:

~~Advantages~~ Summary of the Invention

On page 3, line 20, please amend the heading as follows:

Brief Description of the Drawings Drawing

On page 5, please amend the fourth full paragraph as follows:

When an operator moves handle element 16 in working direction 40, bolts 48, 50 are displaced in their respective slots 54, 56 perpendicularly to working direction 40 and/or to motion 26 of handle element 16 until bolts 48, 50 contact an end 58, 60 – shown on the left in Figure 2 – of slots 54, 56. Motion 26 is therefore limited in working direction 40. Analogously, the right ends 62, 64 of slots 54, 56 limit motion 26 against working direction 40.
